IMPORTANT POINTS TO TAKE NOTE OF REGARDING THE FEE COLLECTION POLICY

2. Collection Policy:

- 2.1 One full academic term's written notice is required for learners who leave during the year or at the end of the academic year. In exceptional circumstances a written application to the Board of Governors explaining the reasons why a term's notice should not be paid, may be considered by the Chairman of the Board and a possible lesser period of notice may be accepted.
- 2.2 Invoices will be posted or e-mailed on a monthly basis. Non receipt of an invoice does not exonerate parents/legal guardians/custodians from paying the fees on time in advance.
- 2.3 Any queries need to be forwarded to the accounts department and/or to the member of the Board of Governors who deals with fee collections (the Chairman of the Board Finance Sub-committee) and not to the Headmaster of the school.

3. Discounts:

- 3.1 Fees paid in full before 31 December 2016 will be discounted to the published discounted tuition and / or boarding fee.
- 3.2 No other automatic fee discounts are applicable.

4. Fee Payment Options:

- 4.1 Fees are payable in advance. There are, however, two payment options for parents.
- 4.2 The full tuition fee/boarding fee can be paid in advance. Individuals opting for this method of payment will benefit from the published discounted fee.
- 4.3 Individuals who choose not to pay the full amount in advance must pay the published monthly fee by the 1st day of the month.

5. Collection Procedure on non or late payments:

(a) Each Parent shall, subject to (b), pay:

(i) tuition fees and boarding fees, on such terms and conditions as the School may from time to time decide; provided that all such tuition fees shall be paid by the Parent by no later than the first day of the year; and

(ii) any other amount, within thirty days after the date of receipt of the relevant statement.

(b) Notwithstanding the provisions of (a), the School may, in circumstances which the School deems appropriate:

(i) allow a Parent such rebate as the School determines from time to time in the event that tuition fees are paid prior to the due date; or

(ii) permit any amount due in terms of (a) to be paid in monthly installments, subject to such conditions as it may require.

(c) Each payment made to the School shall be free of bank costs and charges or other deduction of whatsoever kind.

Default by Parent

(a) To the extent that any tuition fee or other moneys owing by a Parent to the School are not paid on or before the due date, the School may in its discretion, and subject to such conditions that it may impose:

i) withhold school reports and/or any other official school related documentation;

ii) suspend the provision of both school tuition and boarding accommodation.

(b) Notwithstanding the provisions of (a) and in addition to any steps taken by the School pursuant hereto, any tuition fee or other moneys owing by a Parent to the School not paid on or before the due date for payment thereof will bear interest at the maximum rate of interest for incidental credit prescribed from time to time in terms of the National Credit Act, 2005 ("NCA"), or at such lesser rate as the School determines from time to time in its sole discretion. Interest not paid to the School by the last day of the month in respect of which such interest accrues will bear further interest at the same rate.

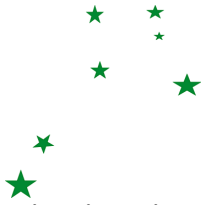

(c) In addition to interest the School will be entitled to recover from a Parent who fails to make payment of any amount on or before the due date, default administration costs and collection costs, as contemplated in the NCA, including legal costs on the attorney and client scale and collection commission to the extent permitted by the NCA.

(d) Nothing herein shall in any manner limit or detract from the power of the School to terminate the educational services to the child of the defaulting Parent, nor shall the termination of such educational services in any manner limit, detract from or prejudice the right of the School to recover from the defaulting Parent all amounts owing to the School, together with interest, default administration costs, collection and other costs as aforesaid.

(e) No failure or delay on the part of the School in exercising any right, power or privilege contemplated in this clause or elsewhere will operate as a waiver, nor will any single or partial exercise by the School of any right, power or privilege preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

Notices

Each Parent shall provide the School with an address / e-mail address in writing to which notices, documents or other communications intended for the Parent are to be sent. The School is to be

promptly advised in writing by each Parent should the address / e-mail address of the Parent change. Any letter, notice, statement, invoice, account or other written communication of whatsoever nature posted by the School to a Parent at the latest postal address / e-mail address of such Parent reflected in the School's records shall be deemed to be received by the Parent seven days after the date of posting thereof. Notwithstanding the foregoing, any notice, document or other communication contemplated in this clause actually received by a Parent to whom it is addressed, will be deemed to have been received, notwithstanding that such document was not posted in accordance with this clause.

The parties specifically record that no form of payment arrangement shall be construed to be a novation of this agreement nor an incidental credit agreement in any form whatsoever. Such an arrangement will purely be without prejudice and will in no way whatsoever restrict the rights of the school to collect the school / boarding fees at any stage in its sole discretion.

6. Methods of payment: (Please tick one of the boxes.)

Fees can be paid either in full, in advance or in twelve instalments, one per month, from 1 January 2017 to 1 December 2017 payable by:

7. Means test:

Any parent / guardian / custodian of a child wishing to pay the school / boarding fees in 12 monthly installments may be required to provide information to the school proving that he / she is able to afford the fees. A form providing specific financial information may have to be completed for this purpose. All information contained in this form will be kept confidential by the school.

8. Trips & outings:

Please note that the cost of overnight and long distance trips, sports tours, sports fixtures and educational and other outings are not included in the tuition fees charged by the school. Staff arranging such trips will inform parents in good time of the cost of such outings. College parents will be informed early in the year of the cost of the educational trips that will be undertaken by all College learners during their educational field trips later in the year.

9. Exam and Olympiad Registration Fees:
