Valentine Celebrations

Valentine's Day is not only about hearts and chocolates. On Valentine's Day last week, the Ark Club took to the streets of Hoedspruit 'armed' with bottles of ice cold water. Being another particularly hot day, our gifts were very eagerly accepted. Thank you to all who collected, filled and froze water bottles, it was certainly appreciated by all!

A Valentine's message from our Pre-school: "Love is not a feeling, love is a gift. Be open to receiving love, give love unconditionally."

Congratulations!
