School for the Planet

Sabi Sand - 'Backwards Day'

Making learning fun! The recent 'Backwards Day' provided so much laughter! These smiles say it all!

Art Fun

In our Earth Tots class, messy art is the best art!

SCS Wildlife Heroes

Some of our youngsters came across two impala stuck in the fence of the Founders' Circle early one morning. With the help of Mrs Esterhuizen, they were able to gently dislodge these beautiful animals and then watched them casually wander off. Well done to all concerned!

Alien Plant Eradication

Whilst waiting for their individual photographs to be taken, our Grade Five Class showed real initiative! Without encouragement they decided to remove large amounts of alien invasive plants from the roadside. It was incredible that the children were able to identify this particular species (Smelters Bush) and then had the initiative to remove them from the environment. Our children certainly 'walk the talk' of our 'School for the planet'!

Congratulations! Green Awards

The following Green Awards were presented at assembly on Friday, 2 March 2018:

Aaron Erasmus, Declan de Jager, Lesego Theko, Tiyani Nyathi, Motlatso Sekhukhune, Kyan Fisher-Bowie, Joshua de Beer, Aidan Elmendorp, Layla Fairhead and Renee McFarlane.
